**License agreement for a Students Version of the PCB layout CAD software
TARGET 3001! professional**

The subscriber declares, that he/she himself/herself is a registered student and explicitly is going to use the software TARGET 3001! himself/herself only in terms of educational matters (no commercial use). The buyer sends an original students enrolment certificate or a coloured scan by eMail to Ingenieurbuero Friedrich or it's distribution partner in advance to the shipment.

The use of the software, according to this license, is only allowed during the time, the enrolment certificate of the buyer is valid.

Acting against this agreement will cause a penalty of € 2,500.00. The files produced with a TARGET 3001! students version can be identified. The TARGET 3001! students version must not be sold to other persons or handed out as a gift.
